

Adobe Experience Manager

Author and Manage Pages I

Course description: Author and Manage Pages I is a 2-day instructor-led course delivered in a classroom or virtually where you will learn the fundamentals of page and content creation in Adobe Experience Manager Sites. You will learn to build rich content and well-branded pages with different component actions. You will also learn how to structure pages with containers and responsive layouts that can be rendered on browsers, tablets, and smart phones. Content flow for a global website will be discussed along with publishing, workflows, page versioning, and many more common management actions.

Note: This new course replaces the course *Create Web Experiences in Adobe Experience Manager*.

Prerequisites:

- Basic understanding of content management for websites
- Experience or Interest in authoring content for web pages

Target audience: Sites Content Authors and Business Users

Content Author Credential:

1. Author and Manage Pages I
2. Author and Manage Pages II
3. Content Author Credential Exam
4. Adobe Qualified: AEM Sites Content Author
